Manufactured  
in France

Environmental  
Commitment

## BIOCAN\* ULTIMATE

**BATHROOMS**

### **ACTION**

- **Biotreats**
- **Deodorises**

### **INNOVATIVE:**

- **EXCLUSIVE IPC FORMULA:** Highly active enzyme and bacteria complex that triggers the natural process of pipe and drain line cleaning.
- **HIGHER CONCENTRATED FORMULA:** 20% more biosurfactants (compared to the classic Biocan) meaning an easier breakdown of organic deposits with the same amount of product.
- **IMPROVED VISCOSITY** means a better grip on pipe/drain line walls.
- **ULTRA REINFORCED SCENT** for a real feeling of lasting cleanliness.
- Shines surfaces.

### **PROTECTS:**

- Applies a protective biofilm that prevents further deposits of limescale and uric scale.
  - No hazard warning icon. Environmentally-friendly, user-friendly.
  - Risk-free for all septic tank types.
- Its action prevents clogging and blocking over time.

### **ADVICE:**

- Can be used for 3 independent or combined actions:
  - Cleaning and destroying bad odours with its powerful scent.
  - To seed the bacterial flora of septic tanks.
  - To eliminate organic scale and limescale deposits.
- Available in 2 longer-lasting scents:
  - Enhanced Original.
  - Vénus - SCENT EXCLUSIVE TO IPC.

### **INSTRUCTIONS FOR USE:**

- Toilet bowls and urinals: we recommend applying around 50 ml at night 2 to 3 times weekly.
- Sanitation drain lines and siphons: after use, pour 50 to 100 ml for each unit once daily.
- Pour directly into the retention units or onto organic stains.
- Application requires no awakening process

### **PROPERTIES:**

- Liquid coloured blue (original) and pink (vé-nus).

*\* Not an organic farming product.*

### **PACKAGING:**

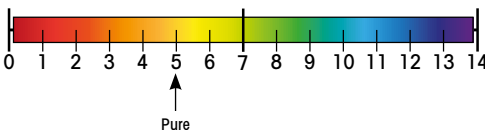

Bottle  
1 L

Barrel  
5 L

### **pH :**
