

# UNIVERSAL DEGREASING CONCENTRATE CLEANER

## BIOSUR\* DEGRAISSANT

FLOORS AND SURFACES

### ACTION

- **Degreases floors**

photo: non-binding

### INNOVATIVE:

- Concentrated formula for complete degreasing of all washable surfaces.
- \*Enriched in biosurfactants (natural surfactants made by micro-organisms) that are even more effective at emulsifying fats/grease than chemical equivalents on the market.

### PROTECTS:

- No hazard warning icon. Environmentally-friendly, user-friendly.
- Formulated to limit the risk of allergic reactions.
- Packaging 100% recyclable.

### ADVICE:

- Can be used on all types of surfaces: floors, walls, extractor hoods, garden furniture, mechanical parts, floors and surfaces within the chemical, petroleum and food industries, vehicle bodywork...

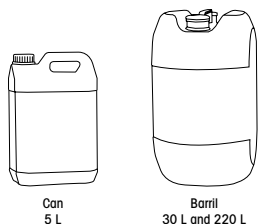

### INSTRUCTIONS FOR USE:

- Apply the product using a brush, PROFIBRE, a mop or spray.
- Dilute between 0.5 and 1% (for very heavily soiled surfaces) in a 10L bucket.
- Thoroughly clean the soiled surfaces.
- For difficult stains, use the pure product on a MAGIC FIBRE or directly on the soiled surface before rinsing with clear water.

### PROPERTIES:

- Green liquid with fresh scent.
  - Density:  $1.035 \pm 0.01 \text{ g/cm}^3$ .
- \*Not an organic farming product.*
